PROFESSIONAL SUMMARY

MBA graduate in Business Analytics & Finance with strong skills in Python, SQL, Power BI, Tableau, Looker Studio, Excel, and machine learning. Experienced in data analysis, dashboard development, predictive modelling, KPI tracking, and financial risk analysis through internships and academic projects. Built analytics projects across finance, retail, OTT, automotive, and consumer behaviour domains. Seeking entry-level Data Analyst, Business Analyst, Financial Analyst, or Risk Analyst roles.

CORE SKILLS

Data Analysis, Business Analysis, Financial Analysis, Risk Analysis, Business Intelligence, Dashboard Development, KPI Tracking, Data Cleaning, Exploratory Data Analysis, Statistical Analysis, Predictive Modelling, Machine Learning, SQL Querying, Data Visualization, Data Storytelling, Market Research, ROI Analysis, MIS Reporting, Stakeholder Reporting

TECHNICAL SKILLS

Programming: Python, SQL, R

Libraries/ML: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Linear Regression, Multiple Linear Regression, Logistic Regression, Decision Tree, KNN, Naive Bayes, SVM, Neural Networks

Visualization: Power BI, Tableau, Looker Studio

Databases/Tools: MySQL, Microsoft Access, Google Colab, Jupyter Notebook, JMP, GitHub

Excel: Pivot Tables, VLOOKUP, INDEX-MATCH, Data Validation, Advanced Excel Reporting

Analytics: EDA, Feature Engineering, Classification, Regression, Hypothesis Testing, ROC-AUC, Precision, Recall, F1-Score, KPI Reporting, Financial Risk Assessment

PROFESSIONAL EXPERIENCE

Product Growth Analyst | Dafinchi.AI | Bengaluru

Jan 2025 – Feb 2025

- Analysed product data using statistical and analytical techniques to identify trends and support data-driven product decisions.
- Built dashboards and data storytelling reports with actionable recommendations for product enhancement and KPI monitoring.
- Tracked product growth metrics and performance indicators to support growth strategy discussions.

HR Operations Executive | Oneqik | Bengaluru

May 2025 – Jan 2026

- Improved recruitment workflow efficiency through structured hiring lifecycle management and process coordination.
- Maintained candidate databases and operational reports to support recruitment funnel tracking and hiring decisions.
- Streamlined onboarding documentation and cross-functional communication for smoother employee integration.

PROJECTS

AI-Driven Financial Stress Prediction Using Machine Learning

| Python, Scikit-learn

- Built a financial stress classification model using 999 records and 26 demographic, economic, and behavioural variables; compared 5 models including Logistic Regression, KNN, Decision Tree, Naive Bayes, and SVM.
- Achieved up to 71% accuracy and 0.83 ROC-AUC; identified debt ratio, net income, monthly expenses, and occupation as key predictors.

Netflix Content Analytics Dashboard

| SQL, Tableau

- Performed SQL-based analysis on 8,000+ Netflix titles using joins, aggregations, filters, and relational tables covering movies, TV shows, directors, cast, and countries.
- Built Tableau dashboards to analyse genre distribution, content trends, release patterns, and director-level insights.

Project Link: https://public.tableau.com/views/Netflixdataset_17387330640760/Story1

Superstore Sales Analytics Dashboard

| Looker Studio

- Designed an interactive dashboard analysing 2.3M+ sales, average sales, profit, discounts, ship mode, and region-wise performance.
- Built KPI cards, maps, charts, and heat maps to support business performance tracking and decision-making.

Student Laptop Purchase Analysis Dashboard | Power BI

- Developed a Power BI dashboard analysing student laptop preferences across income, region, brand, processor type, battery life, RAM, and usage.
- Analysed 149M annual income and 15M laptop spending data to identify purchasing behaviour, brand preference, and region-wise trends.

EDUCATION

Master of Business Administration (MBA) – Business Analytics & Finance

M S Ramaiah Institute of Technology (VTU), Bengaluru

| 2023 – 2025

CGPA: 8.6/10.0

Bachelor of Commerce (Finance)

Government First Grade College, Bengaluru North University

| 2020 – 2023

CGPA: 8.5/10.0

CERTIFICATIONS

- Data Analytics Virtual Internship – Deloitte
- Quantitative Research Virtual Experience Program – JP Morgan Chase & Co.
- Cybersecurity Certification – HP
